DHOLPUR

Total Staff Available at 27 PHCs viz-a-viz IPHS Guidelines

	Nos. required as per IPHS Guidelines at 27 PHCs	Total Sanctioned Posts at 27 PHCs	Nos. available at 27 PHCs
Doctors	54	37	25
Other Staff	270	262	143

Source:- CMHO, Dholpur

BUILDINGS – 100%, 75-100% AS PER STANDARD PLAN.

HEALTHCARE IN INDIA

- THUS: Short “Sanctions” – inadequate funds(exp.↑ As % of GDP)
→ No doctors to recruit!

Dholpur: Required: 135 (CHC^s + PHC^s)

Available: 46

Shortage: 89, say 90

Rajasthan: 90x33 districts= 2970; say 3000 Doctors

Actual shortage: 5000 doctors

Average annual applicants: 200-250

→ Postings – Unrealistic expectations!

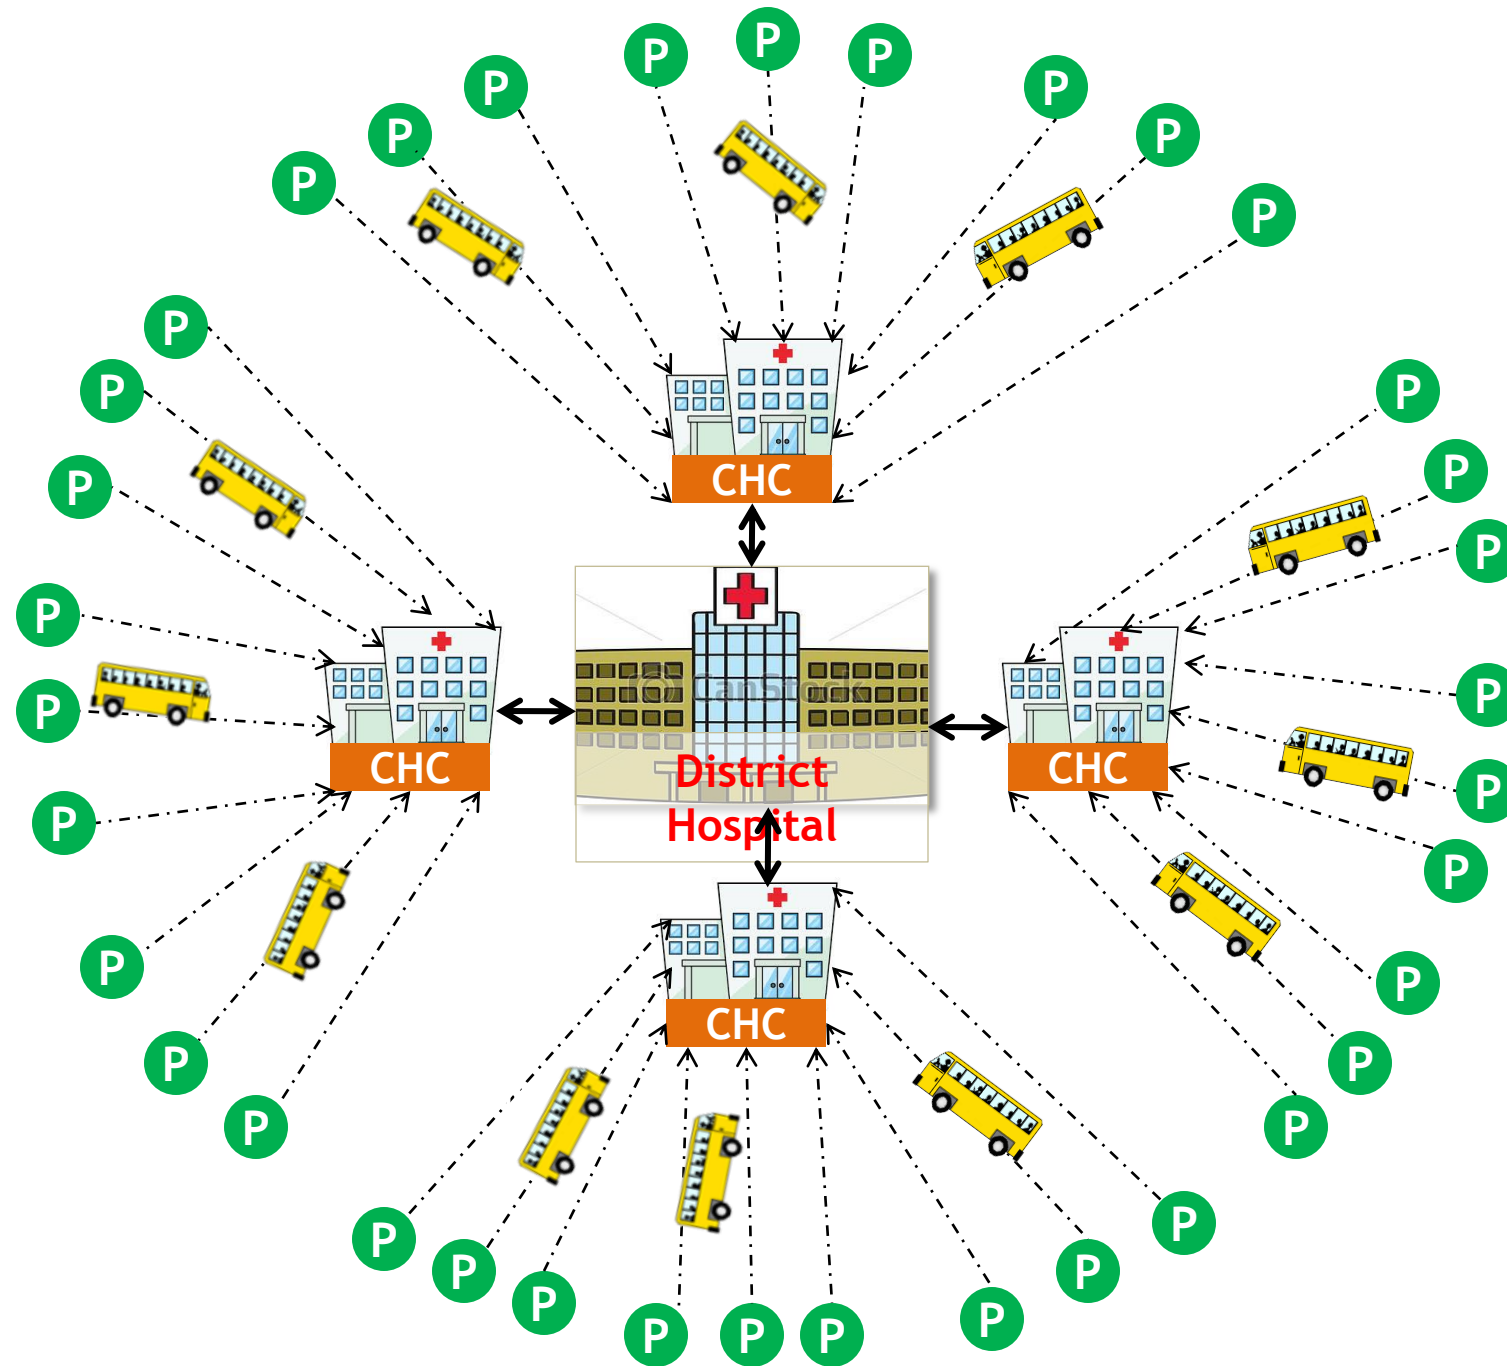

CAN WE TAKE PEOPLE TO HEALTH CARE ?

- MILK ROUTES
- HEALTH ROUTES ?

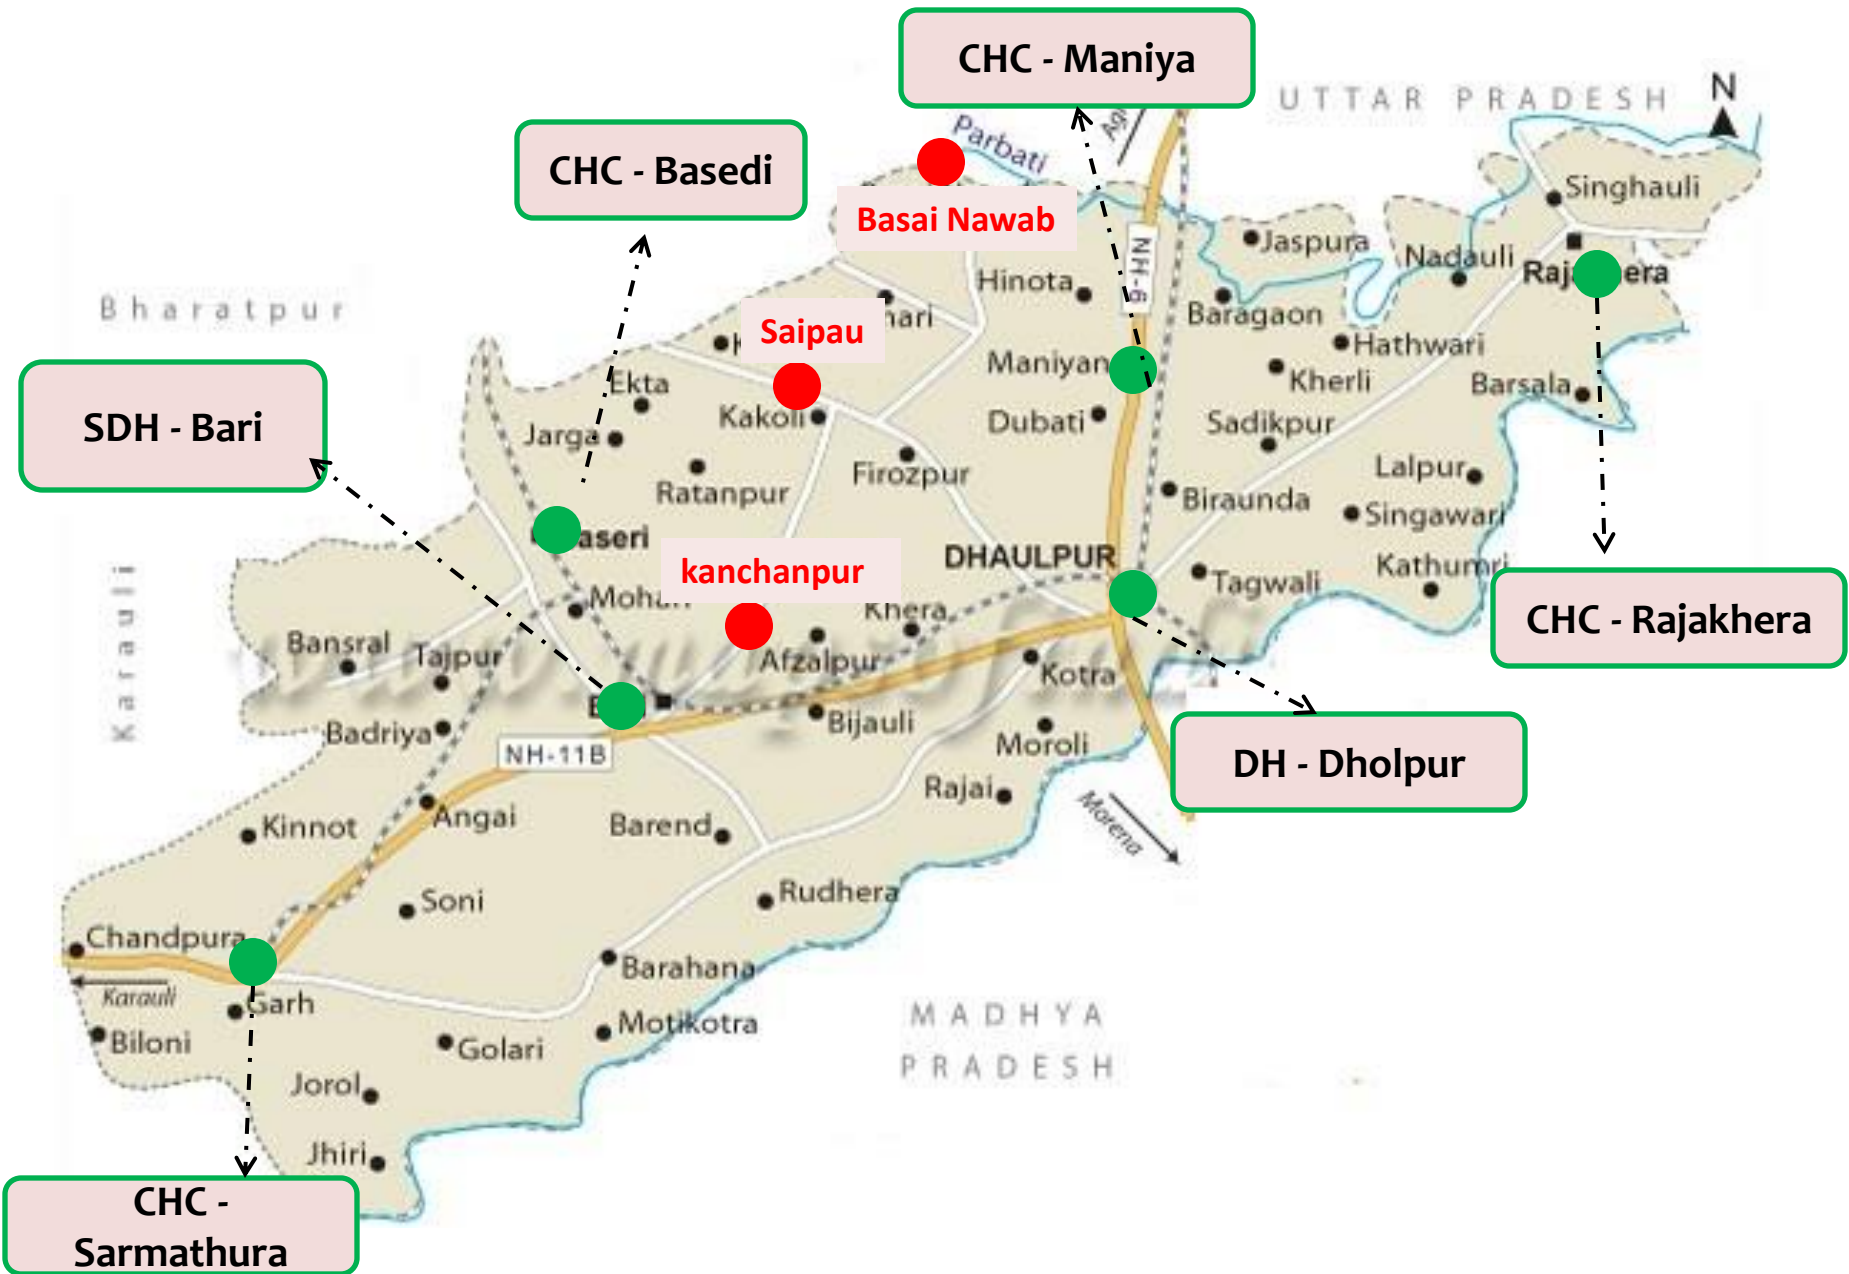

Proposed Approach:

Bring People to Strengthened CHCs/Health-care Hubs

- Consolidate and strengthen selected CHCs, District Hospital & Sub-Division Hospital-Bari to serve as 'Healthcare Hubs'
- Feed 'Healthcare Hubs' through Healthcare-Vans to cover entire district

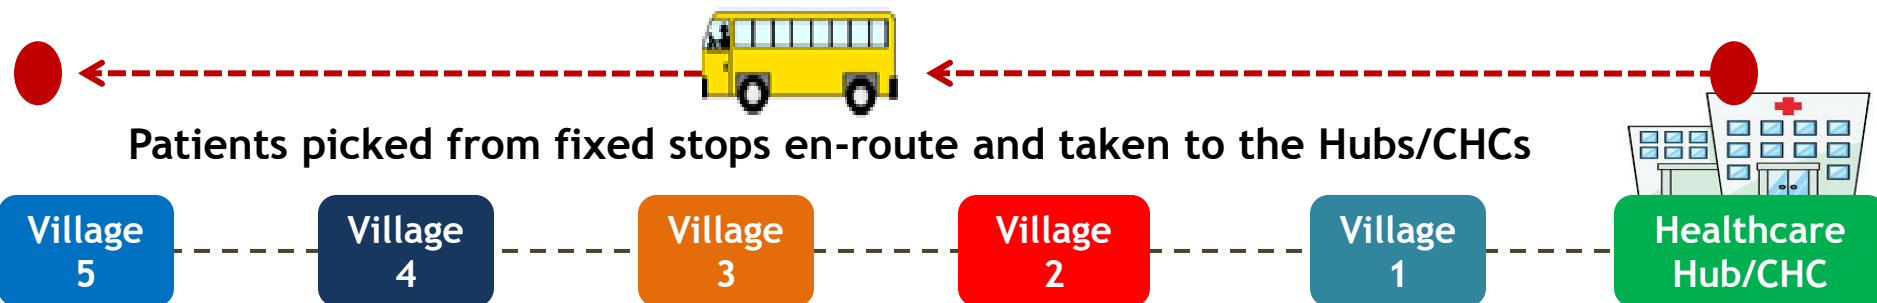

Proposed Solution: 'Healthcare Hubs'

MILKING OUR FEW RESOURCES

- **GPS-fitted *Healthcare-Vans*: (1+1+2+1+10)**
 - Manned by para-medical staff
 - 31 health-routes to cover entire district and at-least 1 return trip per day for each route
 - Average route length - 55 KM
 - All gram-panchayats covered (153 nos.)
 - All en-route and additional villages also covered (385 nos.)
 - Vans to collect pathological samples and distribute medicines also

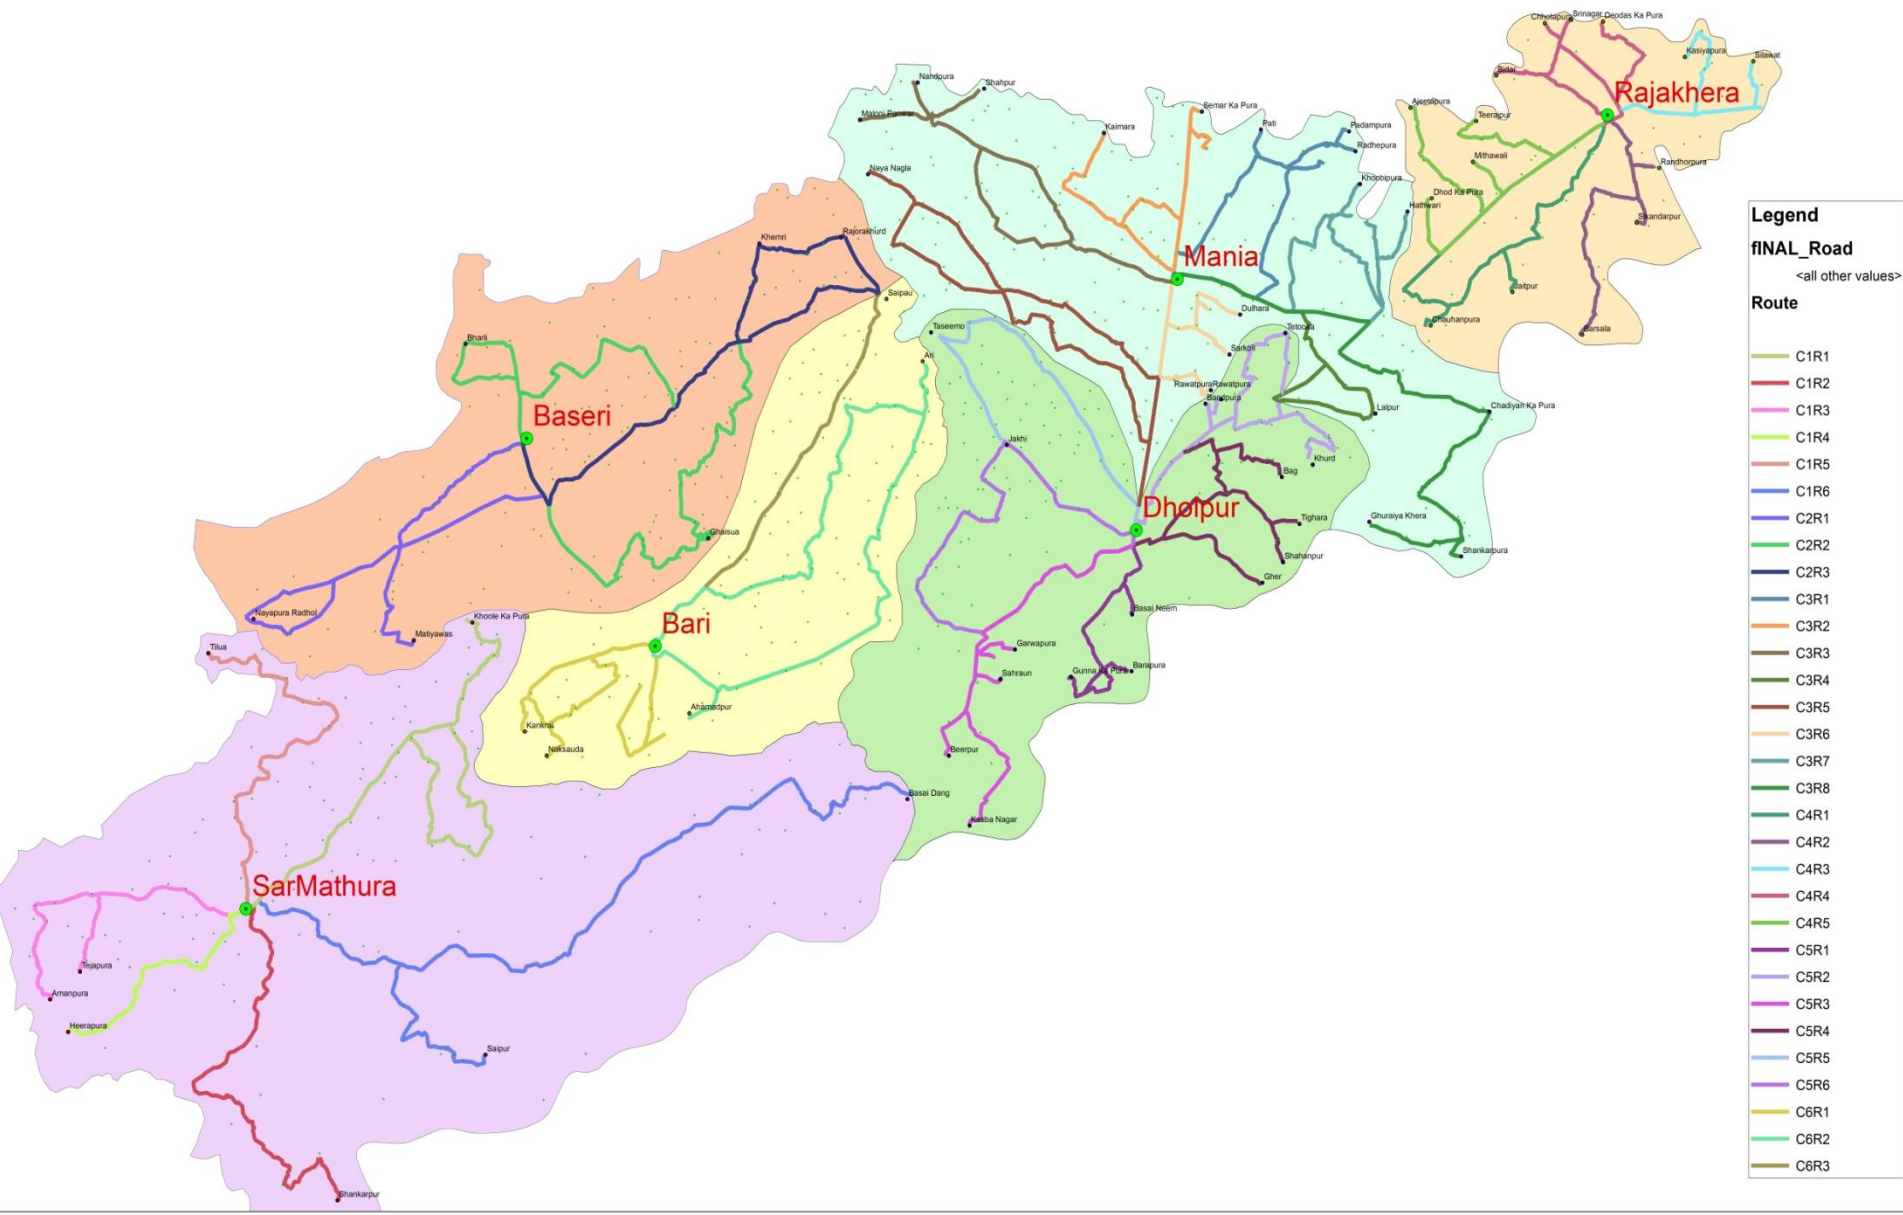

Vehicle departs from Healthcare Hubs every MORNING

After treatment, patients dropped back to their respective villages

Vehicle departs back to respective villages every AFTERNOON

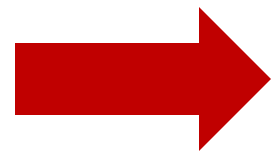

Health Routes on District Map

NOT MUCH IS REQUIRED

Healthcare Hub	No. of Health Routes	Total Route Length (KM)	No. of Villages Covered
Sarmathura (C-1)	6	383	61
Baseri (C-2)	3	191	84
Maniya (C-3)	8	436	177
Rajakhera (C-4)	5	229	63
Dholpur (C-5)	6	285	95
Bari (C-6)	3	169	58
Total	31	1693	538

6 for PHC to District hospital transportation
6 for emergency and back-up.

HEALTHCARE IN INDIA

MONEY MATTERS –

- Current Liability Of The State – Staff All 9 Chc^s + 27 Phc^s In Dholpur As Per IPHS Norm.

COST → (2013) Rs. 23.5 crores/annum.

→ 2013 expenditure: Rs.10 crores

→ Required: ↑ exp. 2.5 times.

+ 90 MORE doctors!

- Alternative Presented

Cost → Rs. 14 crores

Doctors → Required : 54

Available : 46

(MIS-MATCHES ARE ANOTHER STORY!)

PARA MEDICS → Available : 233

Proposed: 120 at CHC^s (2 time IPHS norms)

43 with Healthcare vans.

17 reserve (leave etc)

26 extra to district hospital

206

THANK YOU
